ABSTRACT

17 α -butyryloxy-11 β -hydroxy-21-propionyloxy-4 α ,
pregnen-3,20-dione, i.e., hydrocortisone 17-butyrate 21-
propionate of the present invention is prepared by acylating
hydrocortisone 17-butyrate with propionic acid anhydride or
halide. The compound of the present invention has ~~the~~
excellent anti-inflammatory effect, percutaneous absorption
and less side effect.
